### EXTENDED OFFER!

# Grooving

## Redefining stability

Featuring  
**Groov-tec™**

### One, two, or four cutting edges to maximize productivity

- Four systems for parting off, grooving, copy turning and groove turning
  - GD System - Universal "go to" double serration system for grooving, groove-turning, and parting off
  - MX System - Tangential arrangement enables outstanding flatness and surface quality
  - DX System - Patented parting-off system, ideal for Swiss machining
  - SX System - Deep grooving and parting off with internal coolant

#### Initiative Details

Purchase qualifying number of inserts in the corresponding system and receive the tool holder free! Offer ends December 31, 2026

Use offer code **BO\_001**
